BARTHOLOMEW CONSOLIDATED SCHOOL FOUNDATION

## 2010 –2011 Annual Report

# Supporting Excellence

Bartholomew Consolidated School Foundation's Mission is to promote and support our community's commitment to educational excellence for all learners.

In order to reach their full potential, we empower students and staff to further:

- Achievement
- Equity
- Diversity
- Innovation

## Note from the President:

The 2010 – 2011 school year was another very productive year for BCSF. During the year, the School Foundation received more than \$680,000 in income to support students and their learning experiences. One example of the programs that BCSF helped to launch this year include Math on Minds, a program jointly developed between BCSC and BCSF, was implemented in 8 schools. This program increases the math proficiency of fourth graders who fall below grade level. Additional graphing calculators were purchased for high school students in need. This enables the students to take math and science classes which require a graphing calculator for successful learning and increases their chance for advanced educational opportunities.

A special thanks to all in the community who support BCSF through your time, talents, and dollars and to the BCSF Board of Directors for their outstanding leadership. Your efforts have moved us closer to ensuring that every student in BCSC has an opportunity to reach his learning potential which significantly increases his/her chance for a productive and successful life.

Thanks!

Brenda Pitts

# 2010 - 2011 Programs

## **Minds on Math - \$58,000**

This math program serves 4th graders who need extra support. The program will be hosted at all 11 elementary schools in Fall 2011. Community mentors meet with a small group of children one hour per week. The students meet mentors 4 times per week. More mentors are needed. Call 375-2793 to volunteer this year or Email: [mindsonmath@bcsc.k12.in.us](mailto:mindsonmath@bcsc.k12.in.us)

## **Busy Bee - \$356,000**

The Busy Bee Academy is a public pre-school serving four-year old children with a mission to provide high quality early education. The program will move into the Richard L. Johnson Early Childhood Center this fall. In all the locations, the program will serve about 200 students in Fall 2011. <http://www.busybeesacademy.org/>

# 2010 - 2011 Programs

## **Literacy Task Force-\$29,900**

This effort is a community organization that benefits students throughout the county. It works with the school systems to provide programming like Book Buddies, Tots Reading Lots, Literacy Festival, Book Express, and Lend a Hand. Volunteers are needed.  
Phone : (812)-376-4461 <http://www.bartholomewreads.org/>

## **Innovation Grants and Projects-\$18,300**

Teachers are offered grants to promote creative ways of helping students learn. The goal is always to move student achievement to a higher level. Often new strategies for engagement spark this achievement.

The grant funds provide : TeacherMate devices, Nooks, graphing calculators, Studio time and expertise for creating a musical CD, an artist in residence to blend art and diversity principles, Character Puppets for life's lessons, & opportunities to battle obesity. The students become involved and fully engaged in their own path of excellence!

“TeacherMate helps me concentrate because it makes me think.”

-Kam at Smith Elementary

# Scholarships, Funds and Awards

# 2010 - 2011 Community Support

## Inspirational Educators

It takes many people to make each student's day a successful learning experience. One way that the community can show its support is to **nominate a school employee** as an Inspirational Educator. Go to the website for information! [www.bcsc.k12.in.us/schoolfoundation](http://www.bcsc.k12.in.us/schoolfoundation)

## Education Foundation License Plate

You can buy a specialty license plate to support your local school foundation! Ask at the DMV.

## New Year's Eve

BCSF joins the United Arts Fund of Columbus Area Arts Council in the fundraising efforts to provide quality programming for students. This event provides the dollars needed to give students many opportunities beyond the classroom budget. Join us New Year's Eve 2011 at the Commons to bring in a new year of programming for students.

## INNOVATION GRANT-1958

Dr. Ruth Holland received one of the first School Foundation grants to study how the children in Alaska were learning English. Alaska became a state in 1959. She was able to study in Alaska for 2 months with a grant of \$1500. Dr. Holland applied her knowledge in her classroom here with early reading. She continued her interest in linguistics and completed a doctoral program. She taught in Columbus for many years and currently lives here.
