

CMS Middle School Information Night

On Wednesday February 6th, Central Middle School is hosting an information night about the pathways offered at Central Middle School. The evening will primarily be focusing on the High Ability/Team Adventure Pathway and the Columbus Signature Academy Pathway. Both of these programs offer a unique learning experience that will be highlighted throughout the evening. 6th Grade families will have opportunities to learn about both programs while having time to dig deeper into the pathway of their choice. Wednesday's event will start at 6 pm in the Main Gym with an overview of Central Middle School. In the meantime, incoming CMS students and families should join our remind for important updates and announcements. To join text @cms-2025 to the number 81010. We hope to see you there!
