2014 Chargers Volleyball Player Contract

I __________________________, as a player and or manager, agree to follow the terms of this contract. I understand that the following terms are in addition to those listed in the Central Middle School Chargers Handbook. Any violation of these terms may result in me not being allowed to participate in games or being dismissed from the team.

- Grade Point Average. Players must understand that school is their main priority. Players will maintain a C- or higher GPA. If player’s grades reach below this average, players will not be permitted to play in any game until required C- average is reached.

- Attendance. Players will be prompt and on time for practices and games. Players are expected to be dressed and ready to go on the court with the nets set up at the given practice time. This does not mean walking in the door with shoes and materials. If players must miss practice or a game, the absence must be approved by Coach Clark or Coach Collins beforehand. If a player misses a practice before a game she will automatically lose 1 set of playing time as long as the absence is reported to Coach Clark or Coach Collins by the player or parent. If the player or parent does not report the absence to either coach, the player will automatically be benched for the entire game.

- Game Day Dress. Players will dress nicely for school on game days. Appropriate dress does include nice jeans and/or shorts and a dressy blouse. No holey jeans, ripped or stained clothes, etc.

- Attitudes. Attitude is EVERYTHING. We are first and foremost a team. We will work together and respect each other. Players caught being disrespectful to other players and/or coaches will not be tolerated. Instances that happen at school or outside of volleyball will not affect player’s treatment of each other on the court. Players are expected to show class and positivity at all times. You are a representative of your school, team, and coaches.
  o The following behaviors are a few examples of attitudes that will not be tolerated on the 8th grade Charger’s Volleyball Team:
    ▪ Foul language
    ▪ Hurtful language about teammates and/or coaches
    ▪ Rolling of eyes at teammates and/or coaches
    ▪ The spreading of rumors about teammates and/or coaches
    ▪ Raised voices to teammates and/or coaches
  
- Playing time. Players understand that in certain situations certain players are needed more so than others. There may be games when not every player receives playing time. As a player if you are not satisfied with the amount of playing time you are receiving you will talk to Coach Clark or Coach Collins. The coaches will expect to hear from players first before hearing from parents. We appreciate parent concerns, but we must hear from players first. Please be aware that work ethic at practice plays a CRUCIAL role in playing time. If you are not giving 100% in practice, that does affect playing time.

By signing below I am stating that I have read and understand this contract.
