

Want to help out the community?
Need service hours for National Honor Society or other clubs?
VolunTeen can help!

VolunTeen uses email updates to connect students to service opportunities in our community.
There are all sorts of opportunities based different interests such as:

- Agriculture
- Animals
- Art
- Children
- Nature
- Office Tasks
- Sports
- Tutoring

If interested email volunteen@foundationforyouth.com with your name, grade, and the best time to contact you.

Mission

To assist local teens in discovering their individual passions through the promotion of service learning.

Vision

By becoming a beneficial resource to a majority of Bartholomew County teens, we will work with non-for-profit agencies to develop compelling service learning opportunities.

About Us

We were created in October 2007 when members of the Bartholomew County area realized teens no longer viewed volunteering as something done out of the goodness of their own hearts, but as a punishment. VolunTEEN has met with many agencies in the community and has worked to expand their thinking of how to better utilize teen help. Many agencies have not only changed and developed their teen volunteer opportunities, but have changed their perspective on teens as a whole.
